POSTMASTER GENERAL SMITH

points out an abuse of second-class mail privileges which costs the government a loss of at least \$20,000,000 a year. Congress can do the people a great service by correcting this lavish waste of money.

It is curious that when China is just on the eve of introducing western methods of engineering she should threaten to demolish the greatest engineering work she possesses: that is to say, the Great Wall, erected 200 years B.C. for the purpose of keeping back the Tartars. It is stated that an American engineer is en route to China in behalf of a Chicago syndicate which is expected to take a share in the contract to be given out by the Chinese Government for the demolition of the wall. The engineer states that one French, two British, and three German firms are also bidding for the work, payment for which is to be in the way of rich concessions.

The Gold Standard.

The House having passed the financial bill which provides for the establishment of gold as the standard of value for the financial and commercial business of the country, the question now goes to the Senate and the President. Heretofore, for some years past at least, the Senate has been the rock upon which has been split all efforts to revise the currency laws of the nation. But the present majority of that body, it is believed, will be found voting to sustain the principles of the bill which yesterday passed the House.

There may, and doubtless will be, some amendments and changes proposed, and the bill will be substituted. But the principle which is involved, that of making gold the standard, will be retained, and there is every reason to believe that a measure will be agreed upon between the two Houses which will meet with the approval of the President. The United States ought to have the best possible financial laws it is possible to provide.

The measure which passed the House is the outcome of the study of the financial question made by the committees and caucuses which have been working on the subject during many months preceding the opening of Congress. Eminent financiers and others have given valuable information and furnished arguments regarding the need of a revision of the currency laws. It is gratifying to find that there were some of the members of the Democratic party who placed their allegiance to their party behind their obligations for the honor of the nation. Eleven members, eight of whom were from New York, and Mr. McAdams from Pennsylvania, voted in favor of the bill, although their colleagues as a party were arrayed against it.

The most encouraging feature connected with the passage of the measure was the unanimity displayed by the Republican members, not a Republican voting against it. This unanimous action upon the part of the Republicans presages a united and invincible party in the coming Presidential campaign. When it is considered that the Democratic party in the House, already in the minority, is divided on this question, the outlook for the maintenance of sound money is decidedly bright, while the dangers of Bryanism and its 16 to 1 are more surely averted.

Hunted to Death by Her Home.

Her screams attracted help, but when it arrived she had been so severely burned that death resulted. She was unable to explain how the accident occurred.

IF YOU HAVE PAIN IN YOUR BACK,

Let me give you a piece of advice: Pain in the back is an almost infallible sign of Kidney disease; a sure sign is the condition of your urine, if you have a pain in the back then look to the condition of your urine. It is easily done. Take a glass tumbler and fill it with urine, after it has stood 24 hours; if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Dr. David Kennedy's Favorite Remedy is the only medicine that really cures all diseases of the kidneys, liver, bladder and blood, Rheumatism, Dyspepsia and Chronic Constipation and corrects the bad effects of a history and loss on the system. It is wonderful how it makes itself felt in the back; it appears, how it relieves the desire to urinate often, especially at night, and drives away that scaling pain in passing water and in a remarkably short time makes you well and strong.

David Kennedy's Favorite Remedy is sold at all drug stores for \$1.00 a bottle, or six bottles for \$5.00. If you would like to try this wonderful medicine you can do so absolutely free. Send your full name and address to the DR. DAVID KENNEDY CORPORATION, Randolph, N. Y., when a free trial bottle, together with a pamphlet of valuable medical advice, will be sent you by mail postpaid, providing you mention this paper when you write. The publishers of this paper guarantee the genuineness of this liberal offer.

ENGLAND'S GREATEST PROBLEM.

Probable That the Black Tribes Will Again Rise in Revolt.

Chicago, Dec. 21.—The greatest problem that England will have to face in South Africa, said Dr. A. C. Hammett, who has just returned from Mashonaland, in Rhodesia, northward from the Transvaal, "will in all probability be that of the natives and not that of the Boers. Even if the Boers are suppressed and English supremacy established in a very short time, the natives will still be left to deal with. They are not causing any trouble just yet, but there are many signs that they will put England in a very difficult position at no distant date. I think now that after the difficulties between the whites have been settled the conquerors will find a big native problem on their hands, and that the blacks will have to be conquered all over again."

Almost all of the British and American subjects in Mashonaland have been compelled to take refuge in forts, or fortified camps, as a direct result of the war. The natives in that part of Rhodesia are very strong and since the beginning of the war they have become restless. The whites fear them much more than they fear the Boers, and the region around them is almost any time to see the massacres of 1893 repeated.

PETITGROVE'S PROTEST.

Declares War Investigation Testimony is Being Suppressed.

Washington, Dec. 21.—In the final session of the senate before the holiday recess Mr. Pettigrove (S. D.), in a characteristically incisive speech, demanded to know whether it was the policy of the representatives of the administration to suppress proper facts and news when called for by a senator. He said he believed an effort was being made to prevent the testimony taken by the war investigating commission from being sent to the senate, and declared his purpose of not submitting to the suppression of information to which the people, in his opinion, were entitled. Senator Fairbanks introduced a bill setting the senate of General Lavian a pension of \$2,000 a year.

No business was transacted at the brief session of the house. The time was occupied in a filibuster against a motion to reconsider having been inaugurated by the Democrats and some Republicans in order to give Mr. Grow, the venerable ex-speaker of the house, an opportunity to reply to some statements made on Tuesday by Mr. Gates (Conn.). At 3 p. m. Mr. Grow made his statement the house adjourned until 12 o'clock, Jan. 3, 1910.

Mr. Cleveland Evaded the Tax.

Asheville, N. C., Dec. 21.—For some time reports have come to Collector Harkins' office that Mr. Job Cleveland, a cousin of the ex-president and a wine manufacturer in Brevard county, was violating the revenue law by failing to affix a stamp to each bottle he put up. The collector wrote the old gentleman asking him to come and make an explanation. Yesterday Mr. Cleveland stated to the collector that he had heard nothing of the new law. He made out a statement of back tax due, paid the amount, and bought a supply of stamps for future use.

Millions to Go Abroad.

New York, Dec. 21.—The best information obtainable in Wall street today was to the effect that at least \$5,000,000 gold will be sent abroad on Saturday's steamers. Reports of several of the leading foreign exchange houses with engagements to export, and several of the banks, banking houses and trust companies will very likely do the same.

Ask your grocer for the "Royal Patent" brand, and take no other brand. It is the best for men.

Elephant Killed His Trainer.

Columbus, O., Dec. 21.—M. J. Mougher, an elephant trainer, better known as "Pat" Forepaugh, was instantly killed by an elephant yesterday at Sellersville. The elephant, known as "Sid," has been in captivity for 20 years, and was never regarded as vicious. Mougher led the elephant into the circle for their daily exercise, when "Sid" became unruly and the trainer jabbed the animal with his stick. "Sid" became furious and hurled himself against the ground with his trunk. The elephant then fell on his victim, piercing Mougher's body with one of his tusks, on which was a brass ball six inches in diameter.
